Christmas at Green's

A selection of our most popular products over the last few years. Here's some guidance as you place your 2015 Christmas order.

The Main Course

Turkey is still the most popular Christmas joint - Traditionally reared, grown naturally and slowly to full maturity. They are free to roam in grassy paddocks and fields around the farm, enjoying a completely natural diet of cereals and vegetable protein. Sizes available from 10 - 26 lbs. Please refer to the back of this leaflet for a Turkey sizing guide.

Turkey Roll Joint - For those who would like a 'Turkey Christmas' but not a whole bird, we recommend a joint of Turkey that we have boned and rolled, topped with our own Streaky Bacon. Available plain or with a choice of stuffing. Joints available between 3 - 10lbs.

Succulent **Geese** are raised to the highest standard in local Thames-side meadows. Naturally and slowly matured, the Geese roam free to develop a true rich flavour. Available to order in Small, Medium or Large.

High quality **Gammon** from selected pork legs. No need to soak, our Gammon comes ready to boil or roast at home. This is a favourite alongside Turkey or as a table centrepiece over the festive season. Available Smoked or Green (Unsmoked).

Our **Ducks** are a traditional Aylesbury cross, grown naturally and fed a cereal diet, creating a marbling through the meat to give you the quality meat content, not the fat. Available to order in Medium or Large.

Green's Master Butcher Royston Hine recommends our **Beef** - a Hereford cross chosen for consistent taste and flavour. The result of the traditional rearing care ensures for maximum flavour and texture of our Beef. Popular Christmas joints are well-hung Fore-Rib or Sirloin.

Lamb is proving increasingly popular over the festive period. Green's Legs of Lamb are a customer favourite, available either natural or Butterflied in a French Garden marinade. Ever increasingly popular are our Lamb shoulders, perfect slowly roasted for a delicious family meal.

Our **Chicken** is bred to RSPCA Freedom Food standards from trusted English suppliers. Be assured our Chickens have had a good quality of life. They live happily in first class conditions with space to run around and play. Sizes from 3 - 6lbs.

Pork, a Boxing Day favourite, comes free-range from local counties. Green's Butcher Chris Cripps recommends a succulent Spare Rib, Loin or Shoulder for roasting.

Our **Beef Wellington** is a sumptuously tender fillet of Prime Beef with a Duxelle of Onions, Mushrooms and fine Pâté, wrapped in Bacon and encased in Puff Pastry. Available in individual or custom sizes to suit your party.

Our **Game** has a rich, delicious flavour - perfect for a Christmas meal. Much of our Game is supplied from the local Englefield Estate with fresh Venison, Pheasant and Partridge available.

Accompaniments

Cooking Gammon

Customers often ask us if Gammon needs to be soaked before cooking. Our recommendation would be to place your joint in water, bring to the boil, drain off, then roast or boil.

Ready Prepared Specialities

Did you know we sell ready prepared dishes for easy cooking at home? Our range includes Cottage Pie, Beef or Chicken Wellington, Chicken Chasseur, Beef Bourignon and Chicken Curry.

Get ready for Christmas

Why not stock up your freezer with Pies, Sausage Rolls or Sausages for the Christmas period? We supply these products 'Green' with the pastry raw for freezing at your convenience.

Visit greensofpangbourne.com for Turkey cooking instructions.
